Microbiological test Aerobic plate count Yeast & Moulds Patogenic count	< 10 cfu/g < 10 cfu/g Negative
Packaging	1 kg, 5kg, 10kg. sealed plastic bags

Description

Aloe Vera Freeze Dried Powder 200:1 is obtained by an extraction and purification process of freshly harvested leaves of the Aloe barbadensis (Miller) maintaining all the active ingredients. The gel is then further concentrated utilizing low temperature evaporation to produce a liquid concentrate ready for freeze drying.

This product is manufactured without the use of a matrix, preservatives or other additives. When reconstituted, one part of this product with 199 parts of deionized water, the product preserves all the natural active ingredients and properties of the Aloe plant.

Using this concentrated product considerably reduces shipping, storage and handling costs without sacrificing product activity.

Application

This product is recommended for Cosmetic, Food, beverages and O.T.C. Pharmaceutical formulations:

Cosmetic and hair care	Food & Beverages	O.T.C Pharmaceutical Formulations
