Specific gravity @ 25°C	1.022-1.032
Total Solids	4.60% minimum
Aloin content (sol.0.5%)	< 0.1 ppm
Microbiological test Aerobic plate count Yeast & Moulds Patogenic count	< 10 cfu/g < 10 cfu/g Negative
Packaging	20, 50 and 200 kg sealed plastic drums

Description

Aloe Vera Gel Concentrate 10:1 is a pure 100% product obtained by an extraction and purification process of freshly harvested leaves of the Aloe barbadensis (Miller) maintaining all the active ingredients

The gel is then further concentrated utilizing low temperature evaporation producing a 10:1 product. When reconstituted, one part of this product with 9 parts of deionized water, the product preserves all the natural active ingredients and properties of the Aloe plant.

Using this concentrate product considerably reduces shipping, storage and handling costs without sacrificing product activity.

Application

This product is recommended for Cosmetic, Food, Beverages and O.T.C Pharmaceutical formulations:

Cosmetic and hair care	Food & Beverages	O.T.C Pharmaceutical Formulations
Creams Shampoos/Conditioners Hair lotions After-shave lotions Facial Mask Lipstick/ Make-ups Hydrocortisone creams Deodorants Sculpting and styling gels	Fruit juice Dietetic Sports drinks Fitness drinks Yoghurts Jellies Cookies	Sun Tan Lotions Ointments Acti Acne preparations Tooth pastes Oral rinses

Cautions

This product, like most natural products, is sensitive to heat, light and oxygen. They may darken with age and produce a slight precipitate. These changes do not affect the activity of the product. To extend shelf life, store in a cool place, preferably at temperatures below 25°C, tightly closed in its original container.

Recommendations

It is recommended, in formulations, to use 20% or more of single strength equivalent (100% Aloe Vera Gel) in order to fully benefit from the Aloe barbadensis rich and natural healing properties.

Shelf Life

12 months
